## Overview of Programme

We are delighted to announce the launch of this unique (2 years overseas and two years in the U.K.) training programme. This gives a new dimension and takes Kyrgyzstan & U.K collaboration to a new level. This programme provides an excellent opportunity for doctors to receive high-quality General Medicine training by Kyrgyz and U.K. faculty and help both countries. BAPIO Training Academy has developed a robust system to ensure monitoring of the quality of learning. This will create a new generation of General Medicine specialists who have acquired all the necessary skills. This Training programme will help deliver much-needed training in Kyrgyzstan and help to achieve and expand the vision of having good General Medicine services in the Central Asian region.

In addition to clinical training, this programme offers opportunities to undertake quality improvement and research projects supported by international faculty. This will also encourage the publication in reputed journals.

## Welcome Message from

I welcome this excellent BAPIO Training Academy initiative in collaboration with the Royal College of Physicians of Edinburgh, University of South Wales, Health Education England (HEE) Global Engagement and our International Accredited Hospitals are developing as a hub for Medical Education in Kyrgyzstan, it is appropriate that BAPIO Training Academy provides opportunities in this region. I am confident that the excellent faculty at our internationally accredited hospital will add value to the visiting UK faculty to provide excellent training in Medicine. After two years overseas, when the trainees come to the UK for the next two years, they will not only be exposed to excellent training but also get mentoring and pastoral support from BAPIO Training Academy.

## Message From Founder

Since the inception, **ISM EDUTECH** has consistently been working towards upgrading the quality of Medical Education provided at its affiliated Medical Training Institutes. We strongly believe that BAPIO Training Academy – ISM Partnership will benefit our students/alumnis to achieve internationally recognised post graduate qualification and clinical training. This initiative will provide an opportunity to our medical graduates to get trained at one of the best healthcare systems in the world.

**Dr. Phani Bhushan Potu**  
Founder President, ISM EDUTECH

## Welcome Message from

BAPIO Training Academy (BTA) is fulfilling dreams and aspirations of Indian post graduate doctors through the Fast Track Program. British Association of Physicians of Indian Origin (BAPIO) is a national voluntary organisation established in 1996, with a commitment to the principle of providing high quality patient care through the National Health Service (NHS). Since its conception, with the initial aim of supporting international medical graduates, BAPIO Training Academy has grown in stature and influence to become one of the largest organisations of its type in the country. Our vision is to train healthcare professionals to become clinicians and leaders to help deliver equitable and cost-effective care for global sustainability of healthcare systems.

**Prof Parag Singhal**

## Message From Rector

**IHSM,IUK** takes pride to be the first institute in Central Asia to be associated with BAPIO Training Academy and can be instrumental in training our healthcare workforce which will be abreast with global healthcare standards. I hope this opportunity will produce appreciable benefits for both NHS (U.K) and Kyrgyzstan's Medical Education and HealthCare sector.
